<ul style="list-style-type: none"> • Completed NFP as per feedback received and deployed it on server 	

Features pending as per the plan for the week	
<ul style="list-style-type: none"> • NA 	

Key points discussed during this week	
<ul style="list-style-type: none"> • With reference to call dated 03-Sept-2015, customer has requested to include following two new features by removing "document and forum" and online payment gateway integration from school <ul style="list-style-type: none"> ▪ Attendance module: This module is will facilitate system user to record attendance of student for each day/subject. There will also be report to view attendance report for day, a week and month. ▪ Timeline Module: Different activities which are recorded in system for student and their parents should be shown as timeline under parent login 	

- Also, a new requirement "Course module" was discussed for which additional effort needs to be estimated
- Verve need to provide additional efforts required to include above three features [2 against existing feature and 1 new addition]

Features planned for next week

- Completing development of following
 - Manage School
 - Subscription Plan
 - Reminder settings
 - Tenant Back up
 - Incident Category
 - Manage User – Manage Students – manage Parents
 - Manage Contact – group
 - Manage Announcement under school admin

Open Action Items and Dependencies

- Verve need to come-up with additional efforts required to accommodate client's wish

Other Considerations / Notes

- As the mobile application will be worked upon later after completing developing and UAT of web application the end date of overall project will be extended. Date mentioned in PSR is planned date for completing web application.
